

## NSAI TC5 Health Care Standards Committee (HCSC)

Latest Update: June 2024.

Search committees on the following links:

- [CEN - List of CEN Technical Bodies \(cencenelec.eu\)](https://www.cenelec.eu/)
- [ISO - Technical Committees](#)

NSAI Committee	International committee monitored
TC 5 Healthcare	National document distribution.
TC 5/SC1 – Dentistry	CEN TC 55 – Dentistry ISO TC 106 – Dentistry ISO TC 106/SC1 – Filling & restorative materials ISO TC 106/SC2 – Prosthodontic materials ISO TC 106/SC3 - terminology ISO TC 106/SC8 – Dental implants ISO TC 106/SC9 – Dental CAD/CAM Systems
TC 5/SC2 – In-vitro diagnostics	CEN TC 140 – In-vitro diagnostic medical devices ISO TC 212 – Clinical laboratory testing and in-vitro diagnostic test systems
TC 5/SC3 – Ophthalmics	CEN TC 170 – Ophthalmic optics ISO TC 172 – Optics and phonics ISO TC 172/SC7 – Ophthalmic optics and instruments
TC 5/SC4 – Non-active medical devices	CEN TC 205 – Non- active medical devices ISO TC 76 - Transfusion, infusion and injection & blood processing equipment for medical & pharmaceutical use. ISO TC 84 – Devices for administration of medicinal products & catheters. ISO TC 157 – STI barrier prophylactics ISO TC 173/SC3 – Aids for ostomy & incontinence CEN TC 367 – Breath-alcohol testers. ISO TC 168 – Prosthetics and orthotics
TC 5/SC5 – Respiratory & Anaesthesia	CEN TC 215 – Respiratory and anaesthetic equipment ISO TC 121 – Anaesthetic and respiratory equipment SC1 – Breathing attachments and anaesthetic machines SC2 – Airways and related equipment SC3 – Respiratory devices and related equipment used for patient care SC4 – Vocabulary and semantics SC6 – Medical gas supply systems SC8 – Suction devices
TC 5/SC6 – Implantable	CEN/CLC JTC 16 – Active implantable Medical devices CEN TC 285 – Non active surgical implants ISO TC 150 – Implants for surgery SC1 – Materials SC2 – Cardiovascular implants and extracorporeal systems

	SC4 – Bone and joint replacements SC5 – Osteosynthesis and spinal devices SC6 – Active implants SC7 – Tissue engineered medical products
TC 5/SC7 -	CEN TC 206 – – Biological and clinical evaluation of MD ISO TC 194 - Biological and clinical evaluation of MD
TC 5/SC9 – Sterilizers, sterilization and cleaning	CEN TC 102 – Sterilizers and associated equipment CEN TC 204 – Sterilization of medical devices CEN TC 216 – Chemical disinfectants and antiseptics ISO TC 198 – Sterilization of healthcare products
TC 5/SC10 Horizontal issues	CEN/CLC JTC 3 – Quality management and general aspects for MD ISO TC 210 – Quality management and general aspects for MD
TC 5/SC11 – Ambulances	CEN TC 239 – Rescue systems
TC 5/SC13 – Cleanrooms	CEN TC 243 – Cleanroom technology ISO TC 209 – Cleanroom and associated controlled environments ISO TC 330 – Surfaces with biocidal and antimicrobial properties. CEN TC 248 WG17 – Hygienic quality of textiles processed in industrial laundries and used in sectors in which it is necessary to control biocontamination
TC 5/SC16 – Osteopathic services	CEN TC 414 – Services in osteopathy – no longer active.
TC 5/SC19 – Miscellaneous	ISO TC 338 – Menstrual products.
